The 12th Annual Royal Marsden Breast Cancer Meeting: Hot Topics in Breast Cancer

Friday 4 October 2019
The Royal College of Physicians, London, NW1 4LE
www.royalmarsden.nhs.uk/conferences

The above sponsors have provided funding to enable this meeting to take place. They have stands at the meeting but have had no input into the programme, selection of speakers or topics.
Dear Colleagues,

We are pleased to announce that we are holding the 12th Annual Royal Marsden Breast Cancer Meeting on Friday 4th of October 2019 at the Royal College of Physicians, London NW1.

This year we hope to continue to provide an update on what is new, challenging and controversial in the management of patients with breast cancer. We will address the developing new frontiers of the management of brain metastases in Breast Cancer, as well as the role of immunotherapy. We will also be discussing the increasing role of genetics in our clinic and management of the contralateral breast.

This year we are delighted to announce our Cridlan Speaker, Dr Robin Wilson, Consultant Radiologist, who will be addressing “Breast Screening – Past, Present and the Future”.

The day will be brought to a close by the ever popular MDT in which we hope to stimulate further discussion and debate.

The meeting is open to all professionals who are involved in looking after women with breast cancer, including clinicians and senior nurses. We will be holding the meeting again at the Royal College of Physicians, and it is recommended that you book your place early given that we were heavily oversubscribed last year.

We look forward to seeing you in October.

Professor Stephen Johnston
Professor of Breast Cancer Medicine
Director of Breast & Plastics Clinical Business Unit,
The Royal Marsden NHS Foundation Trust

The Royal Marsden Faculty

Professor Stephen Johnston
Professor of Breast Cancer Medicine

Dr Marina Parton
Consultant Medical Oncologist

Dr Liam Welsh
