

Swallowing & Communication

Virtual study day

Thursday 30 September & Friday 1 October 2021

Aims:

This study day aims to facilitate and enhance knowledge and skills. The programme consists of a series of lectures and emergency scenarios relating to all aspects of swallowing and communication within the cancer care environment.

Audience:

This virtual event is open to all allied healthcare professionals, practitioners, and nurses involved in the challenge of caring for patients with cancer.

Cost:

£50 per day
