Introduction to Caring for Teenagers and Young Adults with Cancer

Virtual study day

Thursday 8 October 2020

Aims:
This study day will provide a greater understanding of the holistic care needs of young people with cancer and how healthcare professionals caring for this group can develop their services to provide these needs.

Audience:
This one day course is aimed at all health care professionals, nurses, doctors and any other clinicians wanting to know more about caring for teenagers.

Cost:
£50 per delegate
