

## Virtual UKONS Young Cancer/Early Career Nurse Educational Event

Hosted by The Royal Marsden NHS Foundation Trust  
in association with  
EONS and The Nightingale Challenge

Wednesday 9th September 2020, 4pm-6:30pm Event ID 898

Free event

UKONS are organising a VIRTUAL educational event hosted by The Royal Marsden NHS Foundation Trust, offered to all young cancer/early career nurses. Our aim is to build a network of support and provide free educational events to guide early career nurses who may want to pursue a career in cancer nursing. This event is particularly aimed at those under the age of 35 and/or within the first 5 years of their career.

This event predominately focuses on the events of 2020, exploring the current pandemic as well as presenting new initiatives to promote and progress cancer nurses. The programme includes talks about COVID from the perspective of those who worked at the Nightingale Hospital, what COVID means for cancer care and treatment in the future and the development and progression a career in cancer nursing can give you.
